New 2015 Heartsaver Course Materials

It's time to begin planning to replace your adult Heartsaver course materials with the new AHA 2015 course material. AHA has announced that the new 2015 adult Heartsaver course materials are scheduled to begin shipping on April 26. You'll have 60 days to use up any of the existing cards and books you may currently have, incorporating the interim changes that were sent to you earlier. Plan on purchasing the new DVD and Instructor Manual soon. As a pre-order incentive we're offering a HS package deal with

includes the DVD set, the instructor manual and a FA/CPR/AED student manual.

Please contact the office to place your order!

2015 BLS Material Requirements

We have moved beyond the 60 day transition period for the new 2015 BLS material. You can no longer be using the 2010 HCP DVD for teaching or the corresponding books and cards. The new BLS material that was released in mid-February is designed for healthcare professionals and other personnel who need to know how to perform CPR and other basic cardiovascular life support skills. The course teaches both single-rescue and team BLS skills for application in both in-facility and prehospital settings. We have all the material in stock so be sure to purchase yours today!
