NEWS

Plan to Celebrate 2016 CPR Week June 1-7!

CPR Week is dedicated to showcasing how more lives can be saved if more Americans know CPR and how to use an AED.

As AHA Instructors and Training Centers on the front lines of teaching lifesaving CPR skills, we hope you'll get involved in this year's campaign. This CPR Week, we'll continue to work to reach those who are not required to be trained, in hopes of increasing awareness among the general public and ultimately, increasing bystander CPR response.
